

FMA22K0.1(R)~FMA62K0.1(R)

A detailed line drawing of the weighing pan assembly. The pan is a large, rectangular, flat surface with rounded corners. It is supported by a complex mechanical structure on the left side, which includes various adjustment screws, a leveling foot, and a central support column. A leader line points from the text "Weighing Pan" to the center of the pan's surface.

(Hanging hook mounting position)
