

Statement Regarding the RoHS Compliance of Pelican Products:

This declaration is regarding EU RoHS Directive 2011/65/EU on the “Restriction of the use of certain Hazardous Substances in electrical and electronic equipment” (RoHS2), and the European Commission’s Delegated Directive EU 2015/863.

RoHS2 identifies six (6) restricted substance groups and the Delegated Directive identifies an additional four (4) substances restricted as of July 22nd, 2019 at a maximum concentration value based on weight by weigh of homogeneous material as follows:

- Cadmium(Cd): 0.01%
- Mercury (Hg): 0.1%
- Lead(Pb) : 0.1%
- Hexavalent chromium (Cr6+) : 0.1%
- Polybrominated biphenyls (PBB): 0.1 %;
- Polybrominated diphenyl ethers (PBDE): 0.1 %
- Bis(2-Ethylhexyl) phthalate (DEHP): 0.1%
- Benzyl butyl phthalate (BBP): 0.1%
- Dibutyl phthalate (DBP): 0.1%
- Diisobutyl phthalate (DIBP): 0.1%

Pelican Products do not contain any of the above listed substances in quantities specified over the maximum concentration values in the RoHS Directive or Delegated Directive and are, therefore, 100% RoHS compliant.

(1) Pelican products do NOT use the exemption “DecaBDE in polymeric applications”.

(2) This declaration also certifies that we agree to notify customers of the presence of any current and future RoHS restricted substances over maximum concentration values and applicable exemptions.

This proprietary information is considered business-sensitive and should only be used for environmental, health, and safety purposes.
