

This exploded view diagram illustrates the assembly of a vehicle chassis and engine. The components are numbered 1 through 18, and several sub-assemblies are referenced by figure numbers:

- Fig 64, 67 参照**: Points to the upper engine and transmission housing assembly.
- Fig 21~55 参照**: Points to the central engine block and associated internal components.
- Fig 56, 65 参照**: Points to the main chassis frame and body structure.
- Fig 11 参照**: Points to the front suspension and steering knuckle assembly.
- Fig 5 参照**: Points to the rear suspension and axle assembly.
- Fig 14 参照**: Points to the rear differential and drive shaft assembly.
- Fig 13 参照**: Points to the front differential and drive shaft assembly.
- Fig 2~4 参照**: Points to the front end of the chassis, including the steering wheel and front fender area.

The diagram shows the spatial relationship between these major components, including the engine, transmission, chassis frame, suspension, and drivetrain.
